*What this qualification means

To become a Certified Sustainability Consultant you need to successfully pass the exams of either the **Certified Sustainability (ESG) Practitioner Training Program** or the **Online Diploma on Corporate Sustainability**.

Both courses provide the right content and updated knowledge to make you eligible (if minimum criteria are met) for becoming a Certified Sustainability Consultant by CSE and are accredited by global organizations such as CMI (Chartered Management Institute), CPD Green America, GRI and AA1000.

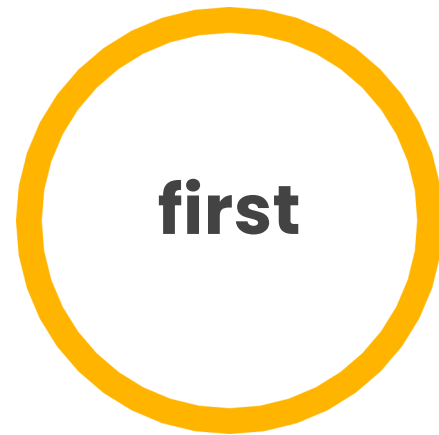

Over **1500 Certified Practitioners** have attended our programs from over 55 countries, including the majority of Fortune 500 countries, top global organizations, entrepreneurs and consultants.

Important Notes and Criteria

- In order to become a Certified Sustainability Consultant, you will need to attend the Advanced ESG Practitioner Program (with a 20% discount) or the Online Diploma on Corporate Sustainability (Free)
- At least 3-5 years corporate/project management experience is required
- This is a non exclusive collaboration and the Certified Consultants do not represent CSE in their territory.

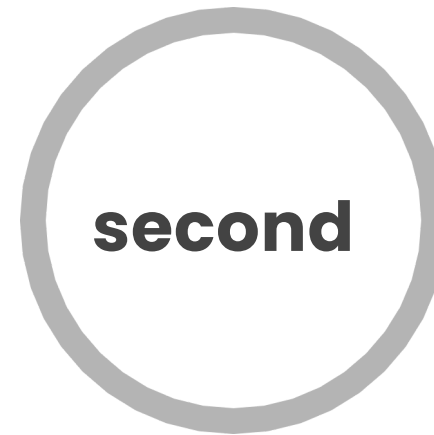

How to become a **Certified Sustainability Consultant**

Simply follow the five (5) steps:

Step 1

Provide us with a CV or a summary of your professional backroud and send it to the following adress: **events@cse-net.org**

Step 2

Get pre approval from CSE and make the Payment

How to become a **Certified Sustainability Consultant**

Simply follow the four (4) steps:

Step 3

Register to one of our global Certified Sustainability Practitioner programs (with a special 20% discount) or register to the Online Diploma on Corporate Sustainability (course included in Fee)

Step 4

Get the Certified Consultant Logo and other benefits

If you are already a Certified Practitioner, please make sure you have an updated Certificate or contact CSE to learn more on your certification status
